

Place Value Challenge

- Deck of cards
- One chip with GREATER written on one side, LOWER on the other (or a spinner with the same)
- Scrap paper

To play:

Deal out the entire deck so that each player has an equal amount of cards.

Each player turns over 3 cards and makes the best number possible with the three cards.

One player then “flips” the counter, like a coin, to see who wins... the person with the higher number or the lower number.

Players keep track of the two numbers and who won on each round. After ten rounds (or a number the teacher designates), the player with more wins is the Challenge Champ.

Player 1	Player 2
752	542
596	965
256	473
328	852
128	769
258	348
479	554
